

NORTH WEST HOUSING  
CORPORATION

## MEDIA AND COMMUNICATIONS

### THE ONGOING TITLE DEEDS RESTORATION PROGRAMME

The North West Housing Corporation (NWHC) will continue to intensify the registration and issuing of title deeds in support of the government and work around the clock to fast-track the process to emphasize that no title deeds are kept in government offices.

The registration and issuing of Title Deeds is part of the Department of Human Settlement's and NWHC core mandate of the creation of integrated human settlements and improved households' livelihood. The objective of this project is to eradicate the current backlog in the registration and transfer of Pre 1994 properties into the names of beneficiaries and ensure provision of security of tenure for housing beneficiaries.

NWHC Property Development and Management General Manager seeks to assure communities that the Corporation through the support of the government is committed to ensuring that all properties that fall under the NWHC are registered for title deeds. She added that the Corporation is embarking on an outreach programme that involves the collection of relevant documents needed to register for title deeds. To discover further information regarding the dates and locations scheduled for this programme, communities are advised to keep up with all social media platforms and tune in to radio stations.

Submitting the correct documents is of great significance for beneficiaries to cooperate with the Corporation in order to ensure a successful registration. She emphasized that a title deed is proof of ownership of your home. Without a title deed you can't transfer your property to your children for their security nor can you sell it if you need to. You can't even borrow money from the bank against your property if you do not have this proof of ownership. Get your title deed and be secure in your home. "In an effort to expedite the process, we will persistently register title deeds for all the information collected", said Ms Grace Moshoeu.
